## PROFESSIONAL SUMMARY

Software-focused Information Technology graduate with hands-on experience in full stack development, backend Java programming, system support, and service engineering. Strong foundation in building, debugging, and maintaining applications, with proven ability to adapt quickly, learn new technologies, and collaborate effectively in fast-paced technical environments.

---

## WORK EXPERIENCE

### **Application Developer (Full Stack)**

CARD MRI Information Technology Inc. — Philippines

November 2024 – Present - Full stack developer supporting enterprise banking systems for **CARD Bank**, **CARD SME Bank**, and **CARD RBI**. - Develop and maintain Spring Boot-based Java applications for web platforms and mobile APIs. - Migrate legacy databases and applications into modern architectures and technologies. - Design, implement, and maintain **Mobile APIs** and **Open APIs** used by third-party services. - Work with APIs that share a common core but implement institution-specific business logic and functions. - Support Web APIs as needed, with primary focus on mobile-facing services. - Use **SQL Server Management Studio (SSMS)** for legacy database operations and data analysis. - Actively involved in migrating legacy databases to **PostgreSQL** and transitioning backend services from **Java Spring Boot to Go (Golang)** while continuing to enhance existing systems.

### **Service Engineer**

Ebizolution Inc. — Pasay City, Metro Manila

August 2023 – March 2024 - Managed and prioritized technical service appointments to support daily operations. - Performed troubleshooting, repairs, and preventive maintenance to ensure optimal system performance. - Configured and updated equipment settings to improve reliability and efficiency. - Applied best practices while operating within prescribed service and safety standards.

### **Full Stack Developer**

Simplevia Technologies — Pasay City, Metro Manila

March 2023 – May 2023 - Translated functional requirements into scalable application components. - Developed and enhanced backend services using Java and related technologies. - Integrated internal and external data sources to support application workflows. - Debugged and resolved software issues to improve performance, security, and usability.

---

## ADDITIONAL EXPERIENCE

### **Product Retailer (Part-Time / Side Business)**

Arigatoys Collectibles Corp. — Quezon City, Metro Manila

May 2021 – December 2023 - Managed inventory tracking and product availability to support sales operations. - Coordinated with creative teams on product presentation and promotional materials. - Engaged customers to identify needs and deliver tailored product solutions. - Utilized basic data tracking to monitor sales trends and customer demand.

---

## EDUCATION

### **Bachelor of Science in Information Technology**

Technological Institute of the Philippines — 2023

### **Secondary Education**

STI San Pablo — San Pablo City, Laguna, 2018

Recto Memorial National High School — Tiaong, Quezon, 2016

### **Primary Education**

Kiddie Corner School — Tiaong, Quezon, 2012

---

## TECHNICAL SKILLS

**Programming & Languages:** Java, Go (Golang), C++, JavaScript, HTML, PHP

**Frameworks & Platforms:** Spring Boot, Spring Tools, React, Angular, .NET

**APIs & Backend:** REST APIs, OpenAPI / Third-Party Integrations, Mobile APIs

**Databases & Data Management:** MySQL, PostgreSQL, SQL Server, Database Management & Migration

**Database Tools:** SQL Server Management Studio (SSMS), DBeaver

**DevOps & Tools:** Docker, Visual Studio Code, Git, GitHub, Git Bash, XAMPP, Live Server, Oracle HTTP

**Operating Systems:** Windows 7/8/10/11, Linux, macOS

**Productivity & Design:** Microsoft Office 365, Adobe Photoshop, Acrobat, Premiere, Lightroom, InDesign, Blender, Clip Studio, CapCut

---

## ADDITIONAL SKILLS

- Technical Support & System Troubleshooting
  - Software Debugging & Maintenance
  - Inventory & Operational Support
  - Customer-Focused Problem Solving
-
